Muse™

Wireless hearing solutions made for life.
Made for life.

It’s been proven that hearing health is directly connected to overall health and well-being.

When you’re able to hear and engage with the world around you, you live a better and healthier life.

Our pursuit to help people hear better and live better has led to our biggest breakthrough to date.

Introducing Muse™, Starkey’s most advanced technology that offers supreme sound quality and premium features. Muse is customized to fit your unique hearing needs and enhance your listening experiences.

Starkey Sound™ has cutting edge technology that delivers true listening enjoyment.
Made for your day-to-day.

Listening in noise

Advanced noise reduction technology and precise directional microphones work together to help make speech easier to hear in today’s complex listening environments.

Better connections

Stream TV, music and more to your hearing aids. SurfLink® Mobile 2, SurfLink Media 2 and SurfLink Remote offer carefree hands-free connectivity and control with no worn device.

Works with your phone

While other hearing aid manufacturers require you to wear a device around your neck, SurfLink accessories offer a direct wireless connection between your phone – or any other Bluetooth® device – and your hearing aids.
Our Starkey wireless hearing aids wouldn’t be complete without our popular SurfLink accessories.

With more and more wireless products, making connections between devices can be challenging. To navigate listening environments with high wireless traffic, our 900sync™ Technology provides a powerful solution. It delivers high bit-rate streaming, allowing for ear-to-ear phone streaming and wireless capabilities for single-sided hearing loss.

Our compact cell phone transmitter, SurfLink Mobile 2, is an assistive listening device, media streamer and hearing aid remote all rolled into one.

SurfLink Media 2 is a set-and-forget media streaming solution that connects to TVs, MP3 players and more, to wirelessly stream audio directly to your hearing aids.

Our SurfLink Remote can be used to adjust volume, change memory modes, go in and out of streaming mode and much more — all with the push of a button.

Our discreet, lightweight SurfLink Remote Microphone is worn by a conversation partner to aid patients in one-on-one conversations in difficult listening environments.
Made for music lovers.

Tastes in music may be unique, but the power of music is universally understood.

Thanks to the processing power in Muse hearing aids, you can enjoy your favorite music in a whole new way with features that:

- Focus on music audibility, desired loudness and sound quality
- Make soft music sounds audible
- Allow on-demand and automatic control

The result is listening enjoyment for the way you want to hear music – automatically and in your control.

“Life seems to go on without effort when I am filled with music.”
- George Eliot
Made for every type of hearing loss.

If you have single-sided hearing loss, Muse has a solution for your hearing needs.

Our wireless **CROS** and **BiCROS** hearing aids bring audibility and speech understanding to those who struggle with single-sided hearing loss. 900sync Technology allows streaming to the good ear to provide quality, clarity and consistency of sound.

There are approximately 60,000 new cases of single-sided hearing loss in the U.S. each year.

**You want** | **Muse delivers**
--- | ---
To hear comfortably in challenging environments | **Acuity™ Directionality** is designed to improve speech audibility in difficult listening situations along with **Speech Shift**.
To easily adapt to new sounds | Starkey’s new feature speeds your transition to hearing aids by gradually adjusting settings to allow your brain to get used to new sounds.
Better wireless streaming | Technology that provides consistent wireless performance while streaming TV, music and other media with **SurfLink Mobile 2** and other **SurfLink** accessories.
A comfortable, personalized listening experience | Sound comfort technology designed to provide distortion-free listening comfort for loud sounds while ensuring ultimate clarity for soft sounds.
No buzzing or whistling | Starkey’s best-in-class feedback cancellation system providing feedback-free, comfortable listening all-day long.
Durable, dependable hearing aids | **Surface™ NanoShield**, our pioneering water, wax and moisture repellant system, to protect and ensure durability and dependability.
Music the way it was meant to be heard | **Muse** is designed to allow you to experience music in a whole new way. Now you can hear every note the way the artist intended – with pure, refined sound quality.
Customizable tinnitus relief | Advanced **Multiflex Tinnitus Technology** integrated into Muse to bring relief to those who suffer from ringing in the ears.

Features may vary by technology level.
Made for everywhere you are.

From the beginning, our hearing solutions have enabled people to hear better in difficult environments and live a better life.

You want to hear all the subtleties of life: the inflection in the voice of a spouse or the nuances in the notes of a favorite song. Whether it’s one-on-one or in the most crowded places, you’ll hear the world around you.
Made for your style.

Styles and colors

Pick your favorite color among our new styles, which include our smallest devices and custom-fit options – both with tinnitus and wireless CROS and BiCROS solutions.

Consult your hearing care professional and start experiencing Muse’s discreet, sleek styles for yourself.

What is your hearing lifestyle?

Our lineup of products enhances many different listening environments. What you need depends on your lifestyle and how active you are.

Made so the world may hear.

Our Founder and CEO, Bill Austin, has always held a strong belief that the gift of better hearing results in a fuller and better life.

We prove our dedication to this philosophy daily, through our support of Starkey Hearing Foundation. And for every Starkey hearing aid purchased, we help someone in need.

The gift of hearing opens up new worlds of opportunity. It connects individuals to life and helps them realize they can accomplish more than they ever thought possible. Starkey Hearing Foundation uses hearing as a vehicle to change lives around the world.

Made to help millions.

The gift of hearing opens up new worlds of opportunity.

Spread hope from ear to ear. To learn more or give the gift of hearing, visit StarkeyHearingFoundation.org.
Made for a happy, healthy life.

Hearing loss isn’t just an ear issue, it’s a quality of life and health issue. It can occur for natural reasons, but other causes might surprise you.

**Older adults**
with impaired hearing may have a **shorter lifespan** than their peers without hearing problems.¹

*70 years and older

10% 20% 30% 40% 50%

People* with a hearing loss experience a **30-40% faster decline in cognitive abilities** compared to peers without hearing loss.²

*75 years and older

There is a significant association between **high blood pressure and untreated hearing loss.**⁷

People with mild hearing loss are 3x more likely to have a history of falling.⁸

**People with low-frequency hearing loss** are considered at risk for cardiovascular events.³

**Muse hearing aids are made so people with hearing loss won’t have to miss a single sound that brings them joy. They are made knowing people who hear better live better.**

Simply put, Muse hearing aids are made for life.
